

Dear Commissioners, If you care even a little about preserving our democracy, then you will not allow further consolidation of media ownership. Have you watched TV lately? Have you tried to find objective news broadcasts? Please Please Please do not betray the American people to Corporate interests! We all know that profit is the ONLY thing that concerns them. They have failed in their responsibility towards the citizens in this country who OWN the airwaves. They offer practically zero programming for true public service. THIS MUST NOT BE ALLOWED TO CONTINUE!!!! Thank you for doing the right thing by not allowing further deregulation!
